- Weight capacity Servetto Super: 27.5 lbs. (12.5 KG)
- Super Pro total width is 43 5/16" Tube width may be trimmed narrower as needed
- Super includes a telescoping rod that adjusts to any total width between 31 1/2" and 43 5/16"

servetto super pro - grey/aluminum

servetto super / super pro

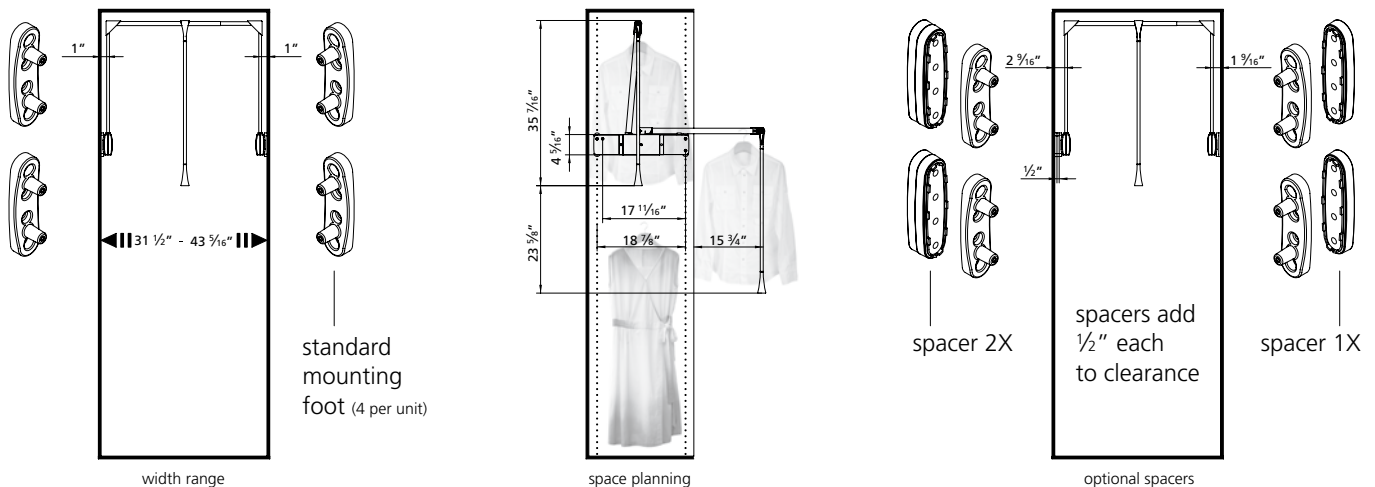

Servetto Super and Super Pro are the new-high capacity lifts from Servetto. The units feature smooth and controlled action with built-in down pause for convenient loading. Servetto's special hydraulic mechanism assures easy operation and a long service life. Best for mounting to closet system partitions or other solid surfaces.

- The Super includes a solid nylon handle with a length of 30 5/16". The Super Pro includes a coated tubular handle with bell grip, length 35 7/16".
- Stackable spacers are optional and are 1/2" (13 MM) thick. Spacers may be used in the event there are doors or other objects that might interfere with movement.
